

Bark Premium: The Parental Control App Every Family Needs

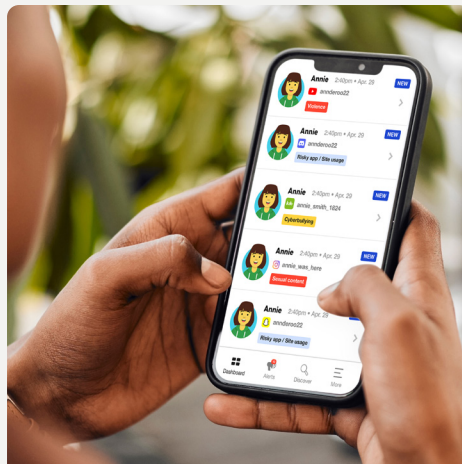

Bark Premium monitors your child's online activities and sends you alerts for potential dangers. You can also block websites, create screen time schedules, and track location.

How Bark Works

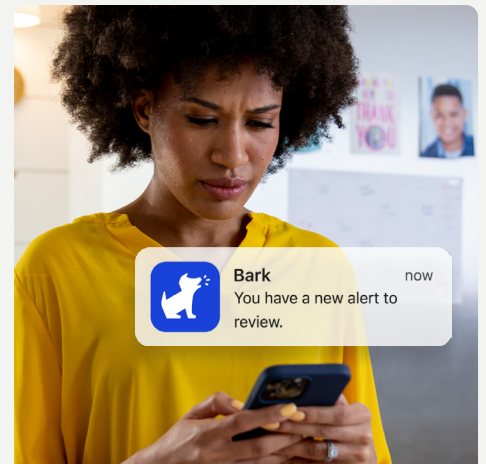

Monitor

Bark scans emails, texts, and 30+ social media platforms and apps for signs of harmful interactions and content.

Detect

Our advanced algorithms detect potential risks like online predators, sexting, and depression so you don't have to comb through every post and text.

Alert

You'll get an alert straight to your phone if we detect an issue so you can check in and make sure everything's okay.

Scan the QR code or use code **EAGLEMTN20** to get 20% off — FOR LIFE!
